REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The invention as claimed is not disclosed or rendered obvious in view of the prior art of record. The prior art of record fails to teach or suggest, alone or in combination the claimed feature of logging events between the caller and the IVR/automated response system in a call center. Although the closest prior art to Eilbacher et al. teaches recording the complete interaction with the IVR (see column 9, lines 19 – 23 and column 10, lines 14-17), Eilbacher fails to teach or suggest the claimed analysis unit/step programmed with the call flow such that all possible paths the caller may take while interacting with the IVR/automated response system are known or taken into account by the analysis unit/step.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
